# TS series Keystone-to-Clipsal Bezels

- Fits Clipsal Mech30 faceplates
- Accepts Garland TS series keystone outlets
- Variety of colours available
- Can be used to identify services at the faceplate

This series of coloured bezels allow you to load Garlands TS series keystone outlets into a Clipsal Mech30 opening.

By using various coloured bezels, you can colour code the service available at the faceplate.

Designed to fit into a standard Mech30 style faceplate, this bezel can be used in place of the standard white bezel supplied with Garland TS series outlets.

Available in 8 standard colours including white to replace lost or damaged bezels.
